

## Participant Feedback Form

*This form can be used by working groups to help put an inclusive collective impact approach into action. At the end of a meeting, the facilitator or co-chair(s) can share these questions and collect feedback anonymously from participants.*

Name of working group and meeting date: NAME Apr 24, 2022

Overall, how useful did you find the meeting? Feel free to include what you liked best and/or least about the meeting format, agenda, discussion, timing, etc.

What should be different about future meetings? Are there opportunities to improve how this group works together (e.g. virtual vs. in-person)?

Other comments (do you have additional feedback to share with working group leaders about how the group is structured, functions/operates, etc.)?
